MARCH

Teachers' Institute.

The Teachers Institute held here Friday, and Saturday surpasses all institutes ever held in Coffee County.

FRIDAY 1:30 P. M.

Institute called to order by Supt. W. W. Benson who announced that Hon. K. B. Price would deliver the address of welcome.

In the absence of county Supt. C. H. Byrd, Prof. McNeil acted as chairman pro tem.

1. Welcome address K. B. Price.

2. Response, R. B. Carr.

3. Song, America.

4. Enrollment of teachers.

5. Geography as it should be taught, by T. D. Woodham, Miss Marietta Register, Miss Harrison and W. W. Benson.

6. A successful teacher, by F. U. Fleming, Miss Mattie Bird, W. H. Jones.

7. Arousing and maintaining interest of students, by Miss America Hargis, J. E. Marley, W. M. King, C. H. Byrd, P. M. McNeil, G. C. Bowden.

8. Resolved: that seventh and eighth grade pupils should be encouraged to take state examination.

Affirmative, G. C. Bowden.

Negative, W. J. Stalle.

9. Business taken up, W. M. Brunson was elected secretary of the Coffee County Reading circle.

W. M. King and J. D. Fuller was elected program committee.

The committee on finance, recommended that the Institute defray the traveling expenses of Prof. E. M. Wright, in coming to the institute and that the balance of funds be used in publishing the paper of Miss Hargis. The resolution was adopted, and the fund was increased by a collection.

10. Best method of raising supplement, by R. B. Carr, J. D. Willis, J. W. Kelsae, J. A. Carnley.

FRIDAY 8 P. M.

Supt. Benson announced that Prof. Wright of Troy would be half hour late. During this time the institute enjoyed music by Miss Estelle Butts, and short talk by J. D. Fuller and J. W. Kelsae on the subject, how to get indifferent patrons interested in school work.

Address by Prof. Edge M. Wright.

SATURDAY 8:30 A. M.

1. Song and prayer.

2. Value of cultivating will power in the pupil by Miss Lida Gachet.

3. How to get indifferent patrons interested in school work, J. D. Fuller, J. W. Hicks, W. M. King.

4. Child study, Mrs. J. E. Marley, Miss Kate Kelsae.

5. The importance of teaching Civil Government in rural schools.

The following resolutions were adopted:

1. Whereas, it is the duty of teachers to practice as well as teach patriotism and civic obligation. Therefore be it resolved that this institute indorse the position of the County Board of Education in declining to approve contracts made with male teachers who have deliberately refused to pay their poll tax.

2. Also whereas, the faculty of Elba Free School have taken every step to make this the best Institute ever held in this county. Therefore, be it resolved that we offer our sincere thanks to them for their efforts.

3. Also whereas, the people of Elba have shown extraordinary interest in our Institute by attending it well and giving us every benefit of courteous entertainment. Therefore, be it resolved that this

Institute return its undivided gratitude for this great hospitality.

4. Whereas the Coffee County Teachers' Institute had the pleasure of hearing an address by Alabama's brilliant orator and distinguished educator Prof. Edgar M. Wright.

Whereas, we feel that we were wonderfully benefited by his excellent address.

Be it resolved that we express our sincere thanks to him for his visit to us, and that we extend a cordial invitation to him to visit us at any time he may see fit.

W. M. Brunson, Sect.

P. S. There was near a hundred teachers enrolled in the Institute.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by All Dealers.

NOTICE OF PRIMARY ELECTION.

State of Alabama

Coffee County

Notice is hereby given that a primary election will be held by the Democratic Party of Coffee County, Alabama, on the 19th day of March, 1910, in the several precincts and voting places in Coffee County, Alabama, for the purpose of nominating (1) a candidate for the office of Probate Judge of Coffee County, (2) a candidate for Sheriff of Coffee County, (3) a candidate for Clerk of the Circuit Court of Coffee County. Said Democratic Primary Election will be held under the Primary Election laws of the State of Alabama, and the rules and regulations prescribed by the Democratic County Executive Committee of said County of Coffee.

Given on this 14th day of February, 1910.

J. A. Carnley, Chmn. Dem. Ex. Com., Coffee Co.

A Pleasant Physic.

When you want a pleasant physic give Chamberlain's Stomach and Liver Tablets a trial. They are mild and gentle. They are cathartic effect. Call at All Dealers drug store for a free sample.

The improvements being made on the farms about Elba are very marked. Many new clearings are being prepared for planting. Many new and better homes are being or have been built: better fencing is being put up, generally of wire, and the farms generally have a more prosperous and better kept appearance than has been noted in years. There is but one fault to be found, this is that the average man does not plant enough fruit, and generally neglects what is planted. This, however, will all be worked out in time, and then Coffee can show far better country homes, and more of them than most any section of the south.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by All Dealers.

John A. Lusk, Candidate for Associate Railroad Commissioner.

John A. Lusk of Marshall County, Candidate for Associate Railroad Commissioner, was a member of the House in 1908 and of the Senate in 1907. He is the author of the Act making the passenger rate 2 1/2 cents; also the Act for prompt settlement for lost or damaged freight under penalty of fourfold damages; the Anti-pass Act; the Act requiring through bills of lading, making the receiving carrier liable for loss on any part of the route, and the law requiring the Railroad Commissioner to visit every County in the State once each year.

Appointed to fill the vacancy in the Commission caused by the death of Hon. J. G. Harris, he has served only eighteen months, but in that time has shown that he is well fitted for the place, and his rulings have been eminently fair and satisfactory.

He favors the enforcement of all laws we have, providing for more accommodations, better service and improvements all along the line in keeping with the developments of the State. He stands for a fair and just enforcement of the law as to Common Carriers. Every Person riding on a railroad train in Alabama enjoys the benefit of his labors in behalf of the fair treatment of the people by the railroads, they save 1/2 a cent for every mile they ride.

Every merchant shipping or receiving goods realizes that settlements are more promptly made for goods lost or damaged.

If elected he will continue to serve the people as faithfully as he has in the past.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by All Dealers.

Two hundred and fifty small pox patients were treated in Montgomery county hospital last month. Not a single death occurred.

Are you frequently hoarse? Do you have that annoying tickling in your throat? Does your cough annoy you at night, and do you raise much in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by All Dealers.

The dead-lock in the Mississippi legislature has been broken, Col. Percy, an farmer and lawyer, has been elected senator. Ex-Gov. Vardaman was defeated by the narrow margin of five votes.

Chamberlain's Stomach and Liver Tablets invariably bring relief to women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia. Sold by All Dealers.

Bad Behavior.

We feel it our duty to call attention of the parents, teachers and officials of the town to certain bad behavior of young people of Elba at public assemblages. We have no personal knowledge of the occurrences, on account of absence on many of those occasions and of being too much interested when attending to notice extraneous matters. But it is common talk on the streets that at the school auditorium, school entertainments, public meetings, shows, lectures, and the like, there is serious disorder. Just what age the young people are who thus mis-behave, who they are, and who is to blame for failure to administer salutary reproof or castigation, we have not heard and do not care to know.

We do know that no parent who reads this will think his boy is to blame. That is a habit with us. Each of us thinks HIS boy would not do that. This is a species of vanity that is too often without just foundation. YOUR boy, your own little darling Reggie, may be one of the culprits. Boys are never quite as good as some papas and mammas think, nor so bad as others think.

Now it is wrong for boys to be permitted to inconvenience and worry people at public gatherings; it is wrong in the abstract and wrong in the concrete. You, Mr. Papa, and You, Mr. Teacher, are not doing your duty if you fail to show them it is wrong, and show them with the proper implement, duty and truthfully applied where it will do most good.

The writer has no special condemnation for the culprits, if they are of tender years, for he was once a boy, with plenty of red blood, and possessed of a goodly amount of original and cultivated sin. If it is youngsters who make the disorder, it is up to parents and teachers. If it is youngsters who have grown too big to be tick, the officers of the town and county have a job to do, for the laws provide for just such cases; assemblages of people where there are women present must not be disturbed by bad behavior. See Sections 6707 and 6709 of Criminal Code of Alabama.

We are glad we know none of the particulars or persons. We are not lecturing. We are just giving some advice and information that is needed by whoever it hits, and can be passed by by those who are not reached. It means you, fond parent, if it is your boy, you, indulgent teacher, if you are at fault, and you, Mr. officer, if it be boys whose teachers and parents fail to do their duty from any cause!

A Timely Protection.

Everyone knows the after effects of La Grippe are often more dangerous than the disease. So often it leads to pneumonia, which a weakened heart action makes fatal. La Grippe coughs that strain and weaken the system yield quickly to the healing and strengthening qualities of Foley's Honey and Tar. Sold by City Drug Store.

More Demonstration Farms.

Age-Herald.

By writing to Dr. Seaman A. Knapp of the department of agriculture at Washington a demonstration farm can be established in every beat in every county in this state. And that is just what Alabama needs, for when farmer can see what modern farming accomplishes he will take the lesson to himself, whereas if he reads about it he will not give

FRIDAY LAST DAY

for candidate to get name on ticket. See Chairman Carnley NOW.

The subject a moment's thought. The American farmer is practically from Missouri in such matter. Every beat certainly possesses at least one wide-awake farmer who will consent to be instructed once a month by a government as to how he should grow crops. A farmer who is willing to be so instructed has but to write to Dr. Knapp to be put in a way to secure such instruction. A farmer "who knows it all" would not do this, but all farmers are not loaded up with conceit to that extent.

When Alabama is well sprinkled with demonstration farms we will begin to have a new Alabama, and we will not get it sooner. We will not get it when a single mule, none too large or well-fed, does the ploughing for a crop. We will not get it while we raise but 13 bushels of corn to the acre. The establishment of demonstration farms in every beat in the state is the state's greatest hope and surest means of development.

Demonstration farms mean progress, intelligent agriculture, and business sense applied on the farm. We cannot have too many of them.

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle aid and curative properties. Sold by All Dealers.

For Burglary.

Yesterday Sheriff Jim Knight went to Covington and returned with Charley Campbell, who is wanted here for burglary.

Coughs That Hang on.

Coughs that start in the fall and hang on until spring are sure trouble breeders unless checked and cured. Bronchitis, pneumonia and consumption are the direct result. Foley's Honey and Tar cures the cough, stops the hard breathing and heals and soothes the inflamed air passages. Refuse substitutes. Sold by City Drug Co.

Wilbur Wright, of flying fame, is to open a flying school at Montgomery. That's why Montgomery is getting so "cheerly."

Want Roosevelt for 1912.

Chicago—A poll of every newspaper west of the Alleghenies on the choice for president in 1912 by The Chicago Tribune has elicited the following result: Roosevelt, 1,260; Taft, 1,083; LaFollette, 197; Hughes, 137; Cummins, 63; Bryan, 40; Pinchot, 30; Cannon, 14; scattering, 116. The poll represents about three-fifths of the editors questioned and shows that Roosevelt is a strong first, with Taft the only other candidate in the running.

High Prices Cause Suicide.

Cincinnati—Henry Stabernacher, aged 60, and his wife, Matilda, aged 82, committed suicide together at Hamilton, a suburb of this city. Both took poison. A note stated that the increased cost of living made it impossible for the old couple to keep up the struggle to secure food.

Claret Discovered New Land.

El Paso, Chile—The French Antarctic exploration under Dr. Jean M. Claret has reached latitude 70 degrees south, longitude 126 degrees west, and discovered 120 miles of new land to the west and south of Alexander island.

Probably Frozen to Death.

Ironville, Ga.—L. C. Russell, of this place, was found dead in the woods, about two miles from his home. Mr. Russell was a prominent excruciating operator and well known. The cause of his death is unknown, but he was probably frozen.

New Orleans Loses Case.

Washington.—The interstate commerce commission has dismissed the complaint of the New Orleans Board of Trade against the Illinois Central Railroad Company on a complaint of unjust rates on forest products.

Threads and Cables of Gold.

Prof. Edgar M. Wright, of Troy
Normal College, delivered his
famous lecture "Threads and
Cables of Gold" to the teachers
institute and an immense audience
of Elba people at the Auditorium
Tuesday night. This is one of
his most popular lectures before
Chattanooga audiences, and it
charmed and delighted those who
heard it Friday night. Prof.
Wright delivered the lecture free
of cost as a compliment to many
friends among the teachers and
the people of Elba. It was greatly
appreciated, as were the gracious
motives that prof. Wright's
living it free of cost.

Ballard's Horehound Syrup COMPOUND.

CURE'S COUGHS, COLDS,
CROUP, SORE THROAT,
WHOOING COUGH AND
ALL PULMONARY DISEASES

THIS IT IS TO BE A SURE CURE.
Wm. J. E. Ryan, Editor-Berwick Regis-
ter, Berwick, La., writes: "I have used
Ballard's Horehound Syrup Compound in
my family for several years, and find it to
be a splendid remedy."
I heartily recommend it to those suffering
from coughs and colds. A safe cure for
croup, whooping cough, and all pulmonary
diseases. I also recommend it to those
suffering from croup or whooping
cough.

Three Sizes, 25c, 50c and \$1.00.

BALLARD SNOW LINIMENT CO.,

Put This Stove in Your Kitchen

It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days.

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

It is constructed that it does not add perceptibly to the heat of a room. It differs from all other oil stoves in its substantial CABINET TOP, with shelf for warming plates and keeping cooked food hot, and drop shelves for holding small cooking utensils. Has every convenience, even to bars for roasts. Threesize. With or without Cabinet Top. If not with your dealer, write our nearest agency.

The Rayo Lamp is a small oil lamp for family use—safe, convenient, economical, and a great light giver. If not with your dealer, write our nearest agency.

SOCIALIST UPRIISING.

Protests Against the German Suffrage Bill Marked by Disorder.
Berlin.—Demonstrations by the socialists throughout the kingdom, after mass meetings to protest against the suffrage bill, resulted in serious disturbances between the demonstrators and the police at many places.
In Berlin several policemen were severely injured by stones thrown by rioters, and scores of socialists supporters received serious injuries from the sabers of the police.

PIPE LINES TO GULF.

Senate Passes Bill to Allow Construction Through Public Lands.
Washington.—The senate has passed the bill, which has been bitterly opposed by Senator Davis of Arkansas, to permit the construction of oil pipe lines through public lands of Arkansas from the Oklahoma field into Texas.
The measure is believed to have been advocated by the Standard Oil Company to enable it to get its products to the Gulf.

SHIP GOES ASHORE

Disastrous Shipwreck in the Straits of Magellan.

51 LOSE THEIR LIVES

Pacific Navigation Company's Steamer Lima Driven Ashore on Island and Pilot and Fifty Passengers Lost Their Lives.

Santiago, Chile.—The Pacific Navigation Company's steamer Lima went ashore on one of the islands of the Huamblin passage of the straits of Magellan and will probably be a total loss.
The British steamer Hathumet rescued 205 of the persons aboard the stranded steamer, but was forced to leave 48 persons aboard, whom it was impossible to rescue.

The stranded steamer Lima is a British vessel owned in Liverpool and plying between that port and the ports of South America. She was last reported as sailing from Bahia Blanca, Argentina, on January 28, and was on her way to Chilean and Peruvian ports.

The Lima is 401 feet long, registers 2,115 tons and was built in Glasgow in 1907.

The place where the steamer was wrecked is probably Huamblin passage, located between the south shore of San Pedro island in Chile. It is a narrow passage, full of dangers and very difficult of navigation. Huamblin marks, two in number of 65 feet high mark the entrance to this passage.

30,000 VACCINATED.

Atlanta Uses Over a Thousand Dollars Worth of Vaccine Points.

Atlanta.—Approximately 30,000 persons have been vaccinated within the past ten days according to an estimate made by Dr. J. P. Kennedy, city health officer.

Dr. Kennedy states that the office of the board of health has used 25,000 vaccine points within the past ten days and this number does not include vaccine points used by other physicians in the city, whose points have been secured through the board of health department.

Women

Women who suffer from female ailments, frequently neglect their trouble, till a general break-down follows. Don't wait till your case is as bad as that—take Cardui in time. It is a safe, reliable medicine, for all women.

Take CARDUI

Mrs. Rena Bare, of Pierce, Fla., tried Cardui and afterward wrote: "I was suffering from all sorts of female trouble, had pain in my side, drawing pains in my legs, could not sleep, had shortness of breath. I suffered for years, until my husband insisted on my trying Cardui. The first bottle gave me relief and now I am almost well. Try Cardui. It will help you."

Are quickly cured by applying Chamberlain's Salve. Try it; it is safe. Price 2 cents.

Women Suffer Agonies from Diseased Kidneys

And Most Women Do This Not Knowing the Real Cause of their Condition

These poor, suffering women have been led to believe that their misery of mind and body is entirely due to "ills of their sex." Usually the kidneys and bladder are responsible—or largely so. And in such cases, the kidneys and bladder are the organs, that need and must have attention.

Those torturing, enervating sick headaches, dragging pains in back, groin and limbs, bloating and swelling of the extremities, extreme nervousness or hysteria, listlessness and constant tired, worn-out feeling—are almost certain symptoms of diseased and diseased kidneys, bladder and liver.

As an illustration of what these Pills will do, Mrs. P. M. Bray of Columbus, Ga., writes that she was very ill with kidney trouble, and that she is now well—and that these Pills are what cured her. They are very pleasant to take, and can in no case, produce any deleterious effects upon the system.

Northeast Sunday School Convention.

On Sunday the North-East District of Coffee County held its convention at Clintonville and the program was ably and efficiently carried out. Great earnestness was manifested by the speakers and hearers and many no doubt resolved that their work in Sunday school should be more earnest and enthusiastic hereafter. The talks and papers on the various subjects were very instructive and show that the speakers and writers were alert to the interest of the Sunday school cause. A fine representation from the various schools were assembled and the following cash and pledges were received:

- Farmers Academy \$7.25
 - Clintonville \$5.25
 - Victoria \$2.50
 - Haw Ridge \$2.50
 - Deal School \$1.00
 - Enon \$0.50
- These pledges show that the representatives from the various schools are alive to the Sunday school cause and are "Doers of the work and not hearers only."
- The most charming features of the day were the beautiful sermon on ministerial co-operation by Rev. Mr. Dawson and the delightful lectures on missionary work in the Sunday schools by Hon. J. A. Carnley and Rev. J. M. Lotlin.
- We pray that great and lasting good may be the outcome of this convention. And that many who were there may become zealous workers in the great cause. A

Platform of J. E. Pittman Candidate For Representative.

To The Voters of Coffee County: As a candidate for Representative, I feel it my duty to make some statement of my views on some subjects, for some people may not think some things are right that I think are, so that my saying I will do what is right may not be plain enough. I can not tell what I will do on every measure that will come up, for no one knows what may come up. But I can tell on some lines that will surely come up.

FEWER LAWS.

If the people of Coffee County honor me by making me their representative, I will favor fewer laws and those better enforced.

ECONOMY.

I will favor an economical government, with the people's money carefully handled and spent, and am against wasteful expenditures. I will oppose with all my might creating new and useless offices and will oppose increase of pay of officers.

REDUCED TAXES.

I will work for laws that will make the burdens of taxation bear equally, and I will favor the

reduction of the state taxes if it be possible for it to be done.

CONVICT FUNDS FOR ROADS.

I will favor the passage of laws that will give surplus convict funds and other surplus revenues to the counties for road and bridge building. I am especially opposed to the piling up of the people's money in the treasury until there gets to be such a big amount that when a legislature meets it feels like it is authorized to spend money foolishly and recklessly. So I favor reducing the tax rate, or giving the money to the counties, as I have said above, so as to prevent this evil.

FOR COMMON SCHOOLS.

I am opposed to further college building funds, and to further large appropriations to the colleges. I believe that we first need adequate common schools and will favor laws for their benefit.

PENSIONS.

I am in favor of fair and liberal confederate pension laws that will benefit our worthy veterans and their widows as a tribute of the present generation to the worth and sacrifice of our brave soldiers in the great war.

COURT EXPENSES.

I am in favor of having the

The Biggest & Best Yet.

THE CLIPPER offers its readers the best, and biggest combination it has ever been able to procure. It is not as showy an offer as it has made in the past, but it is decidedly the best. There is nothing in it that you cannot use; and each item is the best of its class.

Here is The Offer.

- The ELBA CLIPPER one year, twice every week, county and state news. Regular price \$1.00
- SOUTHERN FARM GAZETTE one year, a weekly farm paper, covering conditions here. Regular price 1.00
- 12 Papers Best Garden seed fresh, good, true to name, and best that money can buy. Regular price .60
- Regular price of all 2.60

THE CLIPPER you know; we want to tell you about THE SOUTHERN FARM GAZETTE. It is a farm paper such as you need to help you on your farm; it is not the sort that tells about so many funny things that you cannot use or try, but it is a Mississippi and Alabama farm paper. It helps at the kind of farming you do and are trying to do. It is not over your head, but is on a level with you. Then it is a weekly paper; most farm papers that you see are published every two or four weeks, this one is published once a week, and so is much more valuable than monthly or twice a month papers.

THE SEED are Amel Golden's best—the sort we have in years past given in combinations; they are fresh, and the best money will buy. Below you will find an order blank, mark opposite each sort of seed number of papers you want up to 12, and we will send them by mail to you. We will send to one person and papers to another, or one paper to another, or almost any way you want, if you'll write us a letter telling how you want it fixed. You may want to know how we do this. Well in the first place it is a bargain offer we make just to make things lively. In next place, we have bought the Farm Gazette subscriptions in large number at close price and the seed the same way.

Order Blank.

Elba Clipper, Elba, Ala.
Please send me your special offer of Clipper, one year; Farm Gazette, one year; and 12 papers seed as marked below:
I have marked opposite names of seed number of papers that I want of each sort. I enclose money order for \$1.40.

Address all orders to The Elba Clipper, Elba, Ala.

state to pay the expenses of our court salaries; this is done by the state for many counties, and I feel that our county is as much entitled to have the state pay this expense as any other county. If this expense can not be placed where it belongs, on the state, I am in favor of laws that will place the court work all in courts where the state does pay the salaries of judges and solicitors. And I am in favor of all our courts and other officers being elected by the people.

INSURANCE.

I approve of the new laws that were passed about life and fire insurance, and I favor other laws along the same line so as to make it impossible for dishonest insurance companies to defraud our people who buy policies in their companies. I believe laws can and should be passed which will make it impossible for people to lose their insurance.

RAILROAD LAWS.

I am not in favor of any laws which will hurt legitimate business or railroad interests, but I am in favor of keeping laws which insure the people fair rates; I think that the new low freight rates and passenger rates are not too low, as the railroads are making more money than ever before, and I will oppose allowing the railroads to go back to the old high rates. At the same time, I am not in favor of mistreating the railroads, for those we have have been great developers, and we need more railroads to develop our resources and give service to the people.

WHISKEY LAWS.

As I said in a card in the newspapers when I announced, I was opposed to the prohibition amendment because I believed it was dangerous. I was like most of the people who opposed the amendment; I was not for whiskey selling in Alabama, and am not now so. I favor laws that will keep whiskey out, but I am not in favor of harsh or burdensome laws on whiskey, but of such as the justice and good sense of our people will approve after proper trial.

FARM WORK.

I am in favor of laws that will bring the work of the agricultural department close to the people who need it, the farmers, and will favor the passage of laws that will bring the experiments where they will help the people, and will bring the agricultural school work into all the counties and make it helpful to all the farmers and not merely to a few people in a few communities. I am in favor of laws that will enable the farmers to get honest fertilizers and fair weights.

MY RECORD.

I will, if you send me to the capital as your representative, try to represent the people and their interests, and will act for what I believe is to their interest on matters I have not mentioned. I will attend regularly; I will try to keep in line with what is being done. I will take an active part in the work of committees, where the real making of laws is done. I am not a flowery speaker, but I believe that I can serve you well and faithfully in the legislature, where as a rule there is plenty of flowery speaking. My experience as a school teacher or when a young man, and as a trustee since then, I believe makes me able to do good work for the common schools. My work as a county commissioner I believe will help me greatly on legislation relating to fair taxation, revenues and spending of county and state money. I am a farmer and feel
